

Harcourt Catia V5 Files

HARCOURT files for CATIA V5 will be delivered in an archived folder (.zip extension) as CATIA Macro files (.CATscript extension). In order to utilize these files, please do the following...

1. Once you have downloaded the file from our website, unzip the folder and save the file to your computer
2. Double click on the Catia Script file in the folder
3. A dialogue box will now pop-up asking for a path name – copy the folder path where you saved the file(pic.1) and paste into the dialogue box(pic.2) then click OK as shown:

(pic.1)

(pic.2)
